INTERNATIONAL CONFERENCE on POSITIVE PSYCHOLOGY, WELL-BEING AND ENTREPRENEURSHIP

27th - 29th January 2023

About the Event

This 'futures driven' interdisciplinary and peer reviewed conference aims to work to begin to explore and develop an holistic awareness of what is required for young people to succeed as leaders in their chosen fields of endeavor and employment. This aim will be achieved by bringing together researchers in a variety of fields related to the power of positive psychology, emotional intelligence and spiritual intelligence. Researchers in other fields related to the development and promotion of overall well being and a 'futures driven' mind-frame in adolescents and young people are also encouraged to present.

Where

Conference Hall, KIIT-TBI, Bhubaneswar Odisha, India

When

27th – 29th January 2023

About KIIT-TBI

About Tel-Hai College

Tel-Hai is an institution that encourages excellence, innovation and entrepreneurship, while endorsing values of equality, tolerance and diversity in Israeli society. As we continuously strive to excel in academics and research; we have a wider vision and a sense of purpose that inspires and motivates us: to promote the development of the Galilee, generate growth, create employment, provide a solid base for investment in the region, while respecting our natural environment and its unique resources.

Tel-Hai is part of a regional ecosystem, in which research, academia, business, local communities, and agriculture evolve together in a symbiotic relationship that contributes to the sustainability of the region and enables all to flourish.

About Avondale University

Established in 1897 by the Seventh-day Adventist Church, Avondale values Excellence, Spirituality, Wellbeing, Integrity and Service. These core attributes are evident in our course offerings, extra-curricular activities, staff and student initiatives and our relationship with the wider community.

Avondale offers undergraduate, postgraduate and vocational (VET) courses across Arts, Business, Teaching, Nursing, Ministry and Theology and Outdoor Leadership. Avondale also has research centres leading the way in Lifestyle and Health; Christian Education; Scripture, Spirituality and Society; and Teaching and Learning.
